BC WOLVES

GRATITUDE

Man begins with good and is sanctified by good. Honor. Mercy. Kindness. Mankind has always professed these principles.

Dear BC WOLVES, we express our sincere gratitude to you for your humanitarian aid to Kharkiv city. By helping in this difficult time for all of us, you are not just giving material values, but you are hoping that together we will overcome any difficulties. As long as people like you live and work, our Nation of Ukrainians will live.

May your kindness and generosity return to you a hundredfold. I wish you all the best, health, prosperity and more warmth on your way of life. I hope for further fruitful cooperation within the framework support of our community.

Together to victory.

Glory to Ukraine!

Glory to heroes!

With great respect,
Director
Boychuk Oleg
